

STUDENT SEMINAR
ON
DISPOSAL OF URBAN SOLID WASTE

**Organised By Department of Geography, Hazi A.K. Khan College Under the Guidance
of IQAC, Hazi A.K. Khan College**

DATE: 12.02.2022

TIME: 12.00 noon

VENUE: Room No-110, HAZI A.K. KHAN COLLEGE

OBJECTIVES: The main objectives of this seminar are to present the waste disposal of options, the problems of open dumping, the process of controlled dumping landfills and understand the various criteria in selecting a site for a landfill operation.

REPORT

A one-day student seminar on “DISPOSAL OF URBAN SOLID WASTE” was organised by department of Geography on 12th March, 2022 at Room No. 110, Hazi A. K. Khan College. The seminar was chaired by Prottyus Kumar Ghosh, HOD, Department of Geography, Hazi A. K. Khan College.

The seminar started with the welcome address by Sri Prottyus Kumar Ghosh, HOD, Department of Geography at 12.00 noon. Sri Parimal Karmakar, Faculty, Department of Geography delivered the inaugural speech of the program.

After the inaugural speech the seminar included a presentation session where students presented their papers related to the subject. The Seminar on "Disposal of Urban Solid Waste" provided a comprehensive overview of the challenges and solutions related to solid waste management in urban areas. It served as a catalyst for collaborative efforts among students and faculty.

The seminar created a commitment to continued dialogue, knowledge-sharing, and practical action to address the urban solid waste problem. Participants recognized the need for interdisciplinary collaboration and innovative approaches to achieve sustainable and environmentally responsible waste disposal practices.

The seminar concluded with a heartfelt vote of thanks by Sri Bubai Ghosh, Faculty, Department of Geography, Hazi A.K. Khan College.

Outcomes:

- Seminar attendees left with a heightened awareness of the critical challenges associated with urban solid waste disposal.
- The seminar served as an educational platform, providing in-depth knowledge about the environmental, social, and health implications of improper waste disposal in urban areas.
- The seminar served as a catalyst for attendees to adopt waste-reduction strategies, support recycling initiatives, and advocate for sustainable disposal methods within their communities.

SWOC Analysis:**Strengths:**

The seminar's success was unequivocally driven by the enthusiastic participation and engagement of the student attendees, who demonstrated a profound commitment to addressing urban solid waste issues.

Weaknesses:

While resource limitations initially posed challenges, innovative fundraising strategies and cost-effective approaches allowed the seminar to proceed successfully.

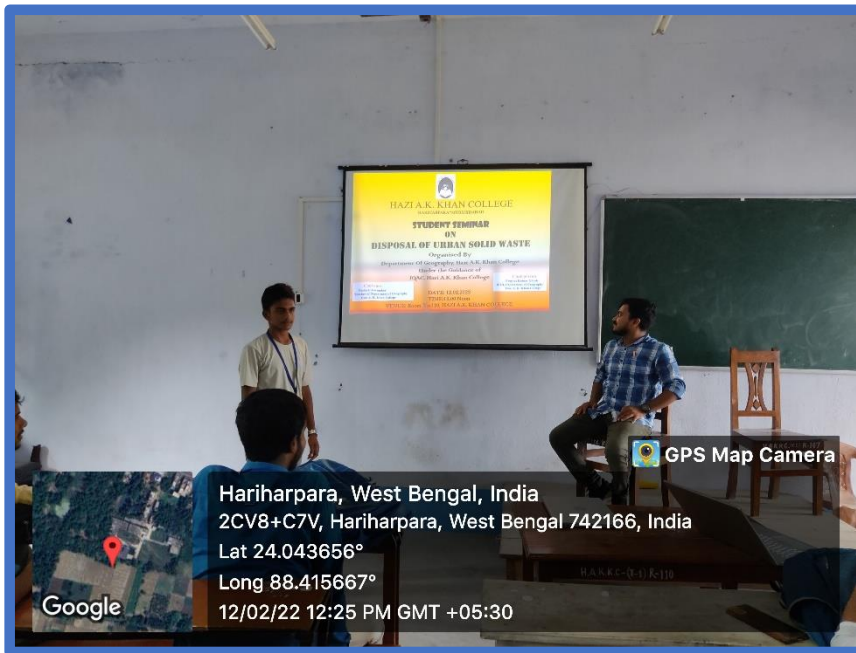

Opportunities:

Student research presented at the seminar continues to generate valuable insights into urban waste management and the effectiveness of waste reduction and recycling strategies.

Challenges:

Managing event logistics efficiently through careful planning posed a significant challenge, as it required meticulous attention to detail and coordination to ensure the smooth execution of the seminar. The experience gained in overcoming this challenge will inform and improve the planning process for future seminars.

About the College

The generous Hazi Abdul Kader Khan who dreamed of a college at Hariharpara, a remote village in the district of Murshidabad, donated a precious piece of land on which Hazi A. K. Khan College was established. The college began its auspicious journey on 8th September, 2008. Affiliated to the University of Kalyani, Hazi A. K. Khan College aspires to function as a centre for higher studies.

About the Seminar

Waste is defined as any unwanted or unusable substance that is discarded after primary use. Wastes are normally generated as a result of human and animal activities. Urbanization and rapid advancements in industrialization has led to an increase in the production and consumption processes resulting in the generation of wastes from various sectors that include agricultural, commercial, domestic, industrial, institutional, social and from community activities. The main objectives of this seminar is to present the waste disposal of options, the problems of open dumping, the process of controlled dumping (i.e) landfills and understand the various criteria in selecting a site for a landfill operation
