Title of the Webinar:

“BIODIVERSITY UNDER THREAT: TIME TO ACT, TIME TO CARE”

- **Organized by:** Eco Clubs of Hazi A. K. Khan College and Panchthupi Haripada-Gouribala College under the guidance of IQAC of Hazi A. K. Khan College, Hariharpara, Murshidabad and Panchthupi Haripada-Gouribala College, Panchthupi, Murshidabad

Date: 13.05.2025

Time: 07:30 p.m.

Via: Google meet

- **Resource Person:** Ardhendu Biswas, Founder and Secretary, Mission Green Universe Foundation

❖ **Objectives of the Webinar:**

- Inform participants about the current state of biodiversity and the threats it faces. This includes highlighting issues like habitat loss, pollution, climate change, and unsustainable resource use.
- Educate participants about the importance of biodiversity for ecosystem services, human health, and well-being.
- Inspire individuals and organizations to take concrete steps to protect biodiversity.
- Promote the development and implementation of sustainable solutions.
- Foster a culture of respect and appreciation for the natural world.

- ❖ **Target Group:** Students and faculty members of Hazi A. K. Khan College and Panchthupi Haripada-Gouribala College

No. of Participants: 222

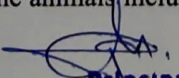

❖ **Description of the Webinar:**

A webinar titled '*Biodiversity under threat: Time to act, Time to care*' was conducted by the Eco Clubs of Hazi A. K. Khan College and Panchthupi Haripada-Gouribala College under the guidance of IQAC of Hazi A. K. Khan College, Hariharpara, Murshidabad and Panchthupi Haripada-Gouribala College, Panchthupi, Murshidabad, on 13th May, 2025 at 07:30 p.m. via google meet. The webinar was commenced with the warm introductory speech by Parimal Karmakar, Secretary, Eco Club, Hazi A. K. Khan College.

The inaugural speech was delivered by Dr. Soma Mukhopadhyay, Principal, Panchthupi Haripada-Gouribala College. She greeted the audience and spoke about the vulnerability of the nature due to human activities. Then, the Principal of Hazi A. K. Khan College, Dr. Goutam Kumar Ghosh accosted the resource person and all the participants from both colleges.

Dr. Pulokes Mandal, Convener, Academic Sub-committee, Hazi A. K. Khan College and Subir Chanda, Coordinator, Eco Club, Panchthupi Haripada-Gouribala College, also greeted the participants with warm gestures one by one.

The main speaker, Sri Ardhendu Biswas, Founder and Secretary, Mission Green Universe Foundation and a renowned Environmental Worker, addressed all the audience and analysed all the aspects of the topic of the webinar. Mr. Biswas highlighted the threats to biodiversity and also mentioned the causes of biodiversity loss with relevant information. He pointed out the do's and don'ts regarding nature and natural biodiversity. At present, all the animals including human being are suffering from excessive heat due to global warming.

Mr. Biswas also highlighted the ways to protect biodiversity. He emphasised the role of students to protect nature and natural environment.

Parimal Karmakar, Organizing Secretary of the webinar, concluded the overall discussion during the webinar. It was fruitful webinar in terms of present context regarding biodiversity loss.

After the conclusion of the webinar, feedbacks were also collected online.

❖ Outcomes:

- ✓ The webinar likely provided valuable insights into the causes and consequences of biodiversity loss, including habitat degradation, climate change, pollution, and unsustainable resource use.
- ✓ By highlighting the importance of biodiversity for human well-being and the planet's health, the webinar may have motivated participants to take more active roles in conservation efforts, whether through individual lifestyle changes or supporting organizations.
- ✓ Participants likely learned about the vital role biodiversity plays in providing essential ecosystem services like pollination, water purification, and climate regulation.
- ✓ The webinar title itself emphasized the need for immediate action to address the biodiversity crisis, encouraging participants to prioritize conservation efforts.

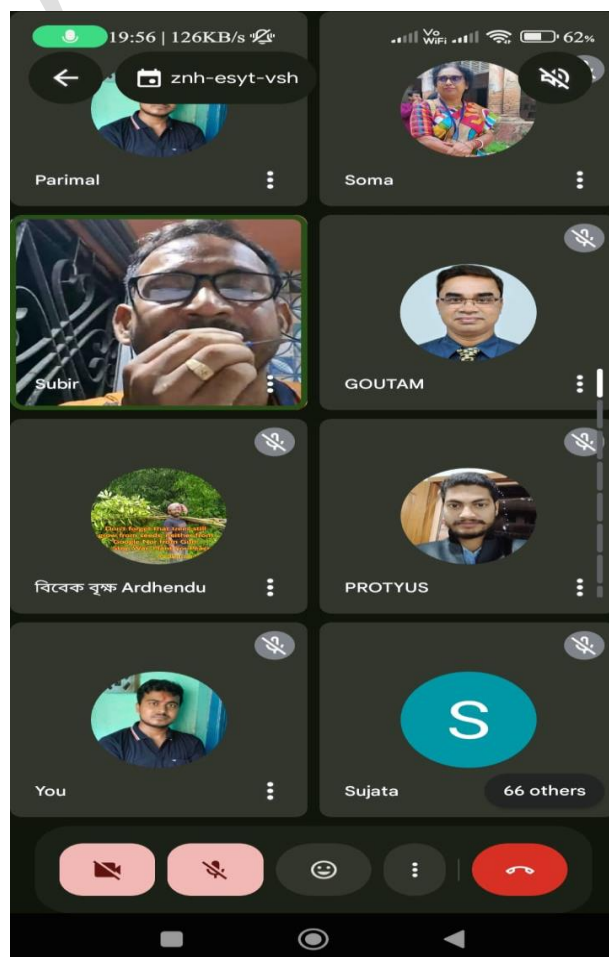

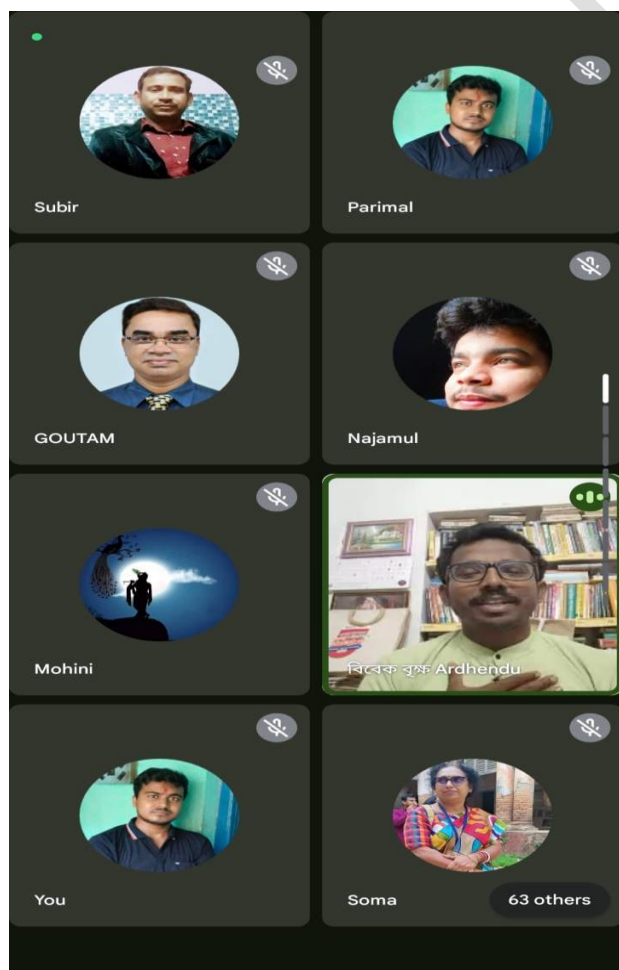

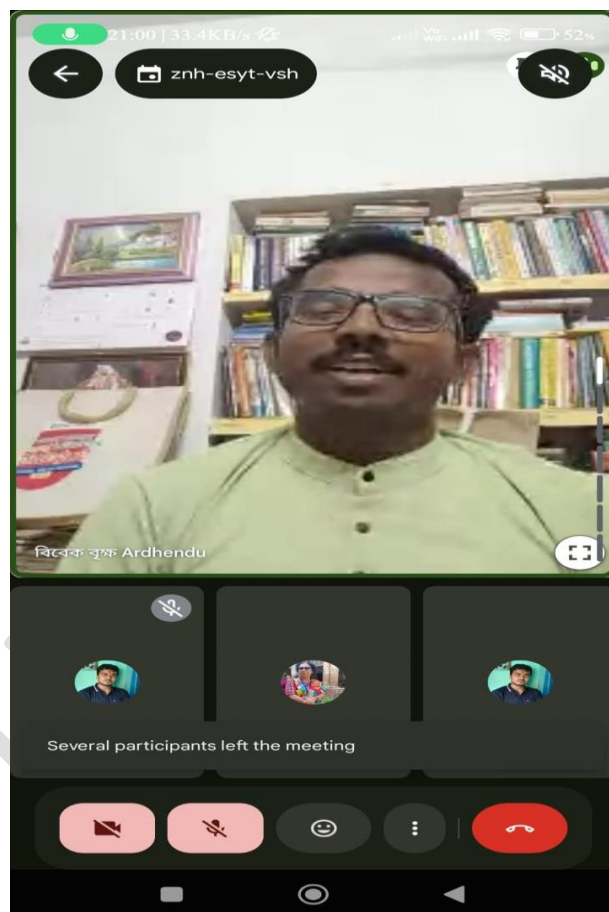

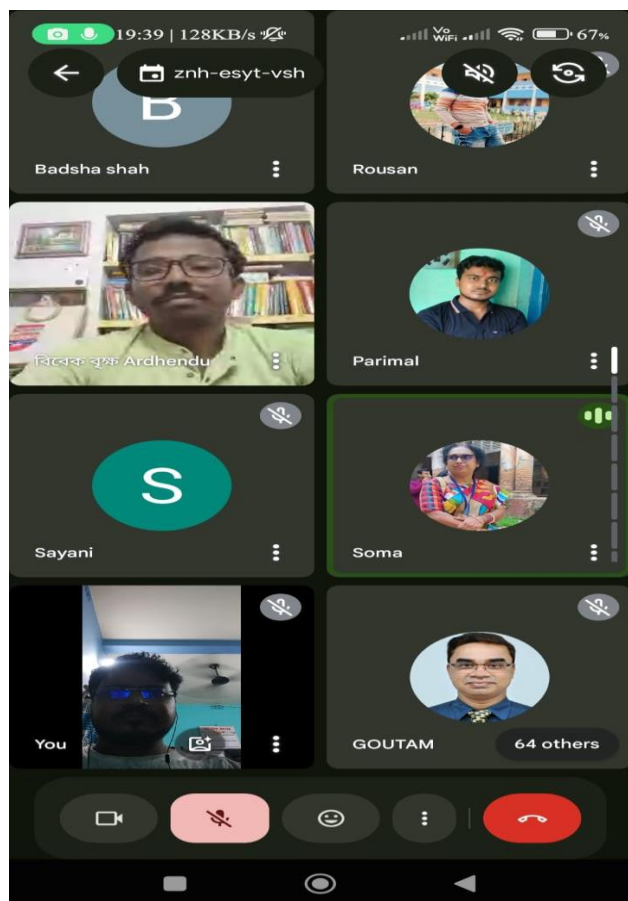

❖ SWOC:

- **Strengths:** The webinar's title clearly addresses the urgent need for action on biodiversity loss, potentially generating awareness about the issue among participants. The topic is highly relevant and timely, given the on-going global biodiversity crisis and the increasing awareness of its impact.
- **Weaknesses:** Webinars can be limited to a relatively small audience compared to other outreach methods, such as print publications or community events. Ensuring active participation and engagement during the webinar can be challenging, especially if the content is not interactive or engaging enough.
- **Opportunities:** The webinar can serve as a starting point for broader educational campaigns, community initiatives, or policy changes related to biodiversity conservation. The webinar can be used to connect with other organizations, experts, and stakeholders working on biodiversity issues, fostering collaborations and partnerships.
- **Challenges:** Converting awareness gained from the webinar into tangible actions and behaviours related to biodiversity conservation can be difficult. Keeping participants engaged throughout the webinar, particularly in longer sessions, can be difficult and requires careful planning and execution.

ABOUT THE COLLEGE

The generous Hazi Abdul Kader Khan who dreamed of a college at Hariharpara, a remote village in the district of Murshidabad, donated a precious piece of land on which Hazi A. K. Khan College was established. The college began its auspicious journey on 8th September, 2008. Affiliated to the University of Kalyani, Hazi A. K. Khan College aspires to function as a centre for higher studies.

About the Webinar

Biodiversity forms the foundation of our ecosystems, ensuring balance and sustainability of life on Earth. However, it is now under unprecedented threat from human activities, climate change, pollution, and unsustainable development. This webinar aims to raise awareness, spark action, and foster collective responsibility to safeguard the Earth's precious biological wealth.

The session will feature discussions on the alarming rate of biodiversity loss, its implications, and what actions can be taken both globally and locally. The objective is to inspire participants—students, educators, researchers, and concerned citizens—to become active stewards of the environment.
