About the Department:

History of the Department of Education dates back to 2008, since the inception of the college itself. The journey started with General Course and afterwards, Honours Course added extra glamour to it in 2014. Since beginning the Department is functioning as a premier Department of the college in terms of result in specific and adopting a holistic approach in general. Education being an interdisciplinary subject, is gaining popularity among the local aspirants. Lucrative Programme Outcomes is also responsible for sound enrollment. The Department is aiming to impart learning outcome based knowledge adopting modern instructional methods to the stakeholders with a view to inspire and nurture the young minds to bring out best educators as well as best citizen among them.

About the Seminar:

The term women empowerment is all about authority, or the power embarked on women sharing indistinguishable rights. The term refers to the liberation of women from socio-economic restraints of reliance. Women empowerment in India is the most effective tool for development as these days; women across the world are actively working as a leader and surpassing others in all the spheres of life. Women empowerment in India is dependent up to a great extent on numerous different variables that encompass geographical setting (urban/rural), social status (caste and class), educational status, and age factor. Actions on the women empowerment exist at the state, local (panchayat), and national levels. However, women encounter differentiation in most sectors like education, economic opportunities, health and medical assistance, and political participation, which demonstrates that there are substantial gaps between strategy advancements and real exercise at the community level. In the age of feminism, a small portion of women in India are freed and can employ their free will and are permitted to carve out their lives the way they want. Students of the Department will definitely explore their idea on the issue.

Objectives:

The objectives of the seminar are to -

1. Promote gender equality in all aspects of life.
2. Raise awareness about the importance of women's empowerment.
3. Focus on economic empowerment, education, and skill development for women.
4. Combat gender-based discrimination and violence.
5. Engage and empower young people, especially young women.
